
The iPhone and Android apps are convenient intranet portals for quick access to Metra’s parts, specs, product info, installation videos and more:

• Enables an easy search of not only Metra products, but its other brands as well.

• Allows dealers and customers to browse and filter parts by vehicle specifics such as make, model, year and trim.

• Lets dealers quickly place orders for parts – no online payment needed, Metra does the rest.

• Showcases Metra’s latest product videos located on its YouTube channel.

Download it FREE at the Apple Store or Google Play

WARNING: This catalog does not advise whether a State of California Proposition 65 warning is required for a particular item of merchandise. To learn whether a particular item of merchandise requires a California Proposition 65 warning, please be sure to look up and read the particular merchandise’s listing on Metra’s website www.MetraOnline.com, as well as read the particular merchandise’s packaging. When a California Proposition 65 warning is present on Metra’s website listing for the particular merchandise, or on the particular merchandise’s packaging, a compliant California Proposition 65 warning is to be provided to the purchasing California consumer prior to the sale of the particular merchandise.

| 95-9114B       | AUDI TT 2008-2015| • ISO DDIN radio provision  
                  |                   | • Painted scratch-resistant matte black                                   |
| 95-9327B       | BMW 1-SERIES 2008-2013 | • ISO DDIN radio provision  
                        |                   | • Painted scratch-resistant matte black                                   |
| 95-6557B       | DODGE DAKOTA 2005-2007 | • ISO DDIN radio provision  
                        |                   | • Painted scratch-resistant matte black                                   
                        |                   | • An included cutting template and a trim panel to cover the cut, provides a DDIN solution into the factory panel |
| 107-FD1B       | FORD TRANSIT 2020 | • Designed specifically for ISO DDIN radios which have an “L” shaped chassis design, with the radio chassis at the bottom of the screen like the Alpine iLX-207  
                        |                   | • Also designed for Pioneer modular 6.8” radios like the DMH-C2550NEX and DMH-C2500NEX  
                        |                   | • Painted scratch-resistant matte black to match the factory appearance  

**HYUNDAI VENUE 2020**
- ISO DDIN radio provision
- Most full-sized DDIN radios require minor sub-dash modifications
- Shallow mount radios will not require any modifications
- Housing is painted scratch-resistant matte black with separate molded vent trims being bright silver to match the factory appearance

**KIA SOUL 2020-UP**
- Integrated circuit board and laser etched graphics on a molded “hard button” to retain the factory hazard functionality
- Includes radio harnessing and interfacing to retain the factory steering wheel controls and factory backup camera if equipped
- Painted scratch-resistant matte black to match the factory appearance
- Parts included for the installation of both Single-DIN and Double-DIN radios

**JEEP GRAND CHEROKEE 1996-1998**
- Designed specifically for ISO DDIN radios which have an “L” shaped chassis design, with the radio chassis at the top of the screen
- Also designed for Pioneer modular 6.8” radios like the DMH-CZ550NEX and DMH-C2550NEX. *See radio manufacturer for current models
- Custom textured to match the factory appearance
- Detailed instructions and extra sub-dash brackets provide a cut and cover style kit for a DDIN screen while retaining the factory climate vents

**HARLEY-DAVIDSON® FLT MODELS (painted) 1998-2013**
- Designed for installation of a new style aftermarket Double-DIN large face radio
- Comes with radio mounting kit and retains all original gauges
- Three sets of speaker plates are included. 6.5”, 6”x 9” and a blank so you can add the speaker of your choice
- Made from durable ABS plastic, comes painted black and can be custom painted any color
- Additional parts may be needed to be purchased separately depending on the end user’s requirements

TE-BSM2
2-WAY BLIND + LANE CHANGE ALERT SYSTEM

The TE-BSM is mounted entirely inside the vehicle with one sensor mounted on the rear windshield, providing a clean and easy installation that eliminates the need for bumper removal. Unlike other systems, everything is built into a single sensor for an easy DIY installation, with no additional control modules or parts needed. This system provides both audible and visual alerts for rear blind spot detection within a 65.5FT field. An LED visual-only alert is shown if there is a vehicle in the blind spot and then the visual and audible alert is triggered if the blinker is on and a vehicle is in the blind spot, alerting the driver immediately.

- Easy to install
- No bumper removal
- In-vehicle installation (rear glass location)
- Detects approaching and overtaking vehicles
- Visual LED and audible alerts
- Car and SUV applications
- Blind spot and lane change alert

**VISUAL SIGNALS**
Easily tuck into dashboard with included clips or 3M double-sided tape
TE-2PSK
NO DRILL PARKING 2 SENSOR KIT

Provide enhanced accuracy with a reliable 2-sensor parking system that uses a higher frequency than current sensors on the market to allow for a more precise 3FT sensing field with fewer false triggers. The TE-2PSK has everything built into the sensors with no additional control modules or parts needed, resulting in an easy to install kit that doesn’t require drilling into the bumper - simply mount the sensors and run wires. A 3-zone setup for audible alerts helps drivers navigate difficult parking situations with ease. Designed for rear plastic bumpers. (May be used in the front with additional wiring. Modifications may be required depending on the vehicle and its ability to mount to the bumpers.

- 2-sensor parking solution
- No need to drill into the bumper
- Audio 3-zone alerts
- No additional control box needed
- Horizontal Sensing Field: 144°
- Easy to install
**TE-DVR1080**

Metra PowerSports introduces the latest 6-zone switch control box for powersports applications. This new controller offers two control options, Carling® style switch knockout and app controlled. This IP67 water-resistant rating switch box features the latest MOSFET chips, which is designed for tough environment and applications at high switching frequencies.

**NEW! MPS-SW6**

**6 ZONES**

**700 WATT 6-ZONE SWITCH PANEL**

**UNIVERSAL**

**FEATURES**

+ Two control options
+ Six button Carling® style switch
+ App controlled via Bluetooth®
+ Each zone independently controlled
+ Low EMI design

**FEATURES CONTROLLED THROUGH THE APP**

+ Two strobe options, fast and double pulse patterns
+ Lighting can be synced with music
+ Adjustable brightness on each channel
+ Master On/Off switch

**SPECS**

+ Input Voltage: 12V
+ Power Handling: 700 watts
+ Maximum Current: 60A
+ Control Box Material: ABS plastic
+ Operating Temperature: -40°F to 302°F
+ Switch Size: 1.45”x .83”
+ Control Box Size: 4.3”x 1.08”
NEW! MPS-DSPL-BT
NO SOURCE REQUIRED
ADD BLUETOOTH® AND FULL DSP CONTROL TO YOUR UTV, SIDE BY SIDE, GOLF CART OR MOTORCYCLE
  • UNIVERSAL
  + Housed in a water-resistant case
  + Harnesses have a rubber boot that snap into the housing
  + Designed for marine and powersports applications
  + Standard output harness
  + 15-band graphic EQ
  + Each channel has independent two-way/three-way crossovers in-line with the EQ and can be delayed independently up to 10ms
  + Easy installation
  + Clipping detection and limiting circuits
  + Volume knob and bass knob included
  + Settings adjusted via Bluetooth® in a smart device application (tablet or mobile phone), compatible with both Android™ and iOS® devices
  + Read, write and store your configuration for future recall
  + Password protect feature available in the mobile app
  + Micro “B” USB updatable

NEW! MPS-DUALBTKIT
UTV/ATV APPLICATIONS
UNIVERSAL DUAL BATTERY KIT
  • UNIVERSAL
  + Power your other equipment without draining your starting battery
  + Compatible with multiple types of off road vehicles
  + Smart battery isolator that will protect your battery’s charge automatically
  + Monitor your battery’s charge with the included dual voltage meter
  + 80A smart battery isolator
  + Dual battery voltage meter, LED Carling® style
  + Red and black 6 AWG 24” with 5/16 ring terminals
  + Universal battery strap
  + Zip ties, accessory wires and mounting hardware included
  + Shuriken battery sold separately

NEW! MPS-CDBTM
UNIVERSAL DUAL VOLTAGE METER
  • UNIVERSAL
  + Carling® style knock out
  + Dual battery meter
  + Red LED indicators
  + IPX5 rating

NEW! MPS-DSPX-RC1
PLUGS DIRECTLY INTO POLARIS® RIDE COMMAND®
WATER-RESISTANT 10-CHANNEL DSP

▶ USE WITH POLARIS® RIDE COMMAND®
+ Housed in a water-resistant case
+ Harnesses have a rubber boot that snap into the housing
+ Designed for Polaris® Ride Command® applications
+ Pre-wired input harness for AMP1, AMP2 and AMP3 of factory Ride Command®
+ 31-band graphic EQ
+ Selectable high and low level inputs
+ Each channel has independent two-way/three-way crossovers in-line with the EQ and can be delayed independently up to 10ms
+ Easy behind the Ride Command® installation
+ Clipping detection and limiting circuits
+ Bass knob included
+ Settings adjusted via Bluetooth® in a smart device application (tablet or mobile phone), compatible with both Android™ and ISO® devices
+ Read, write and store your configuration for future recall
+ Password protect feature available in the mobile app
+ Micro “B” USB updatable

NEW! MPS-POLCAM-F
PLUGS INTO FRONT OE HARNESS
UTV/ATV FRONT CAMERA ADD-ON

▶ FITS POLARIS® RIDE COMMAND® WITH 7” OR 4.3” INTERACTIVE DISPLAY
+ Add front aftermarket camera to your factory Ride Command® display
+ Plugs into OE connector located in front grille RZR GEN of vehicles with 7” or 4.3” Ride Command® screens
+ Flush mount camera included
+ .75” Diameter
+ Wide viewing angle
+ Fully adjustable lens

NEW! MPS-POLCAM-R
PLUGS INTO RC SCREEN
ATV/UTV REAR CAMERA ADD-ON

▶ FITS POLARIS® RIDE COMMAND® WITH 7” OR 4.3” INTERACTIVE DISPLAY
+ Add rear aftermarket camera to your factory Ride Command® display
+ Plugs into OE connector behind 7” or 4.3” Ride Command® screen
+ Works any universal iBEAM aftermarket camera

NEW! MPS-CSA
CARLING® STYLE SWITCH ADAPTER

▶ FITS POLARIS®
+ For use on Polaris® models with large switch openings
+ Adapts Carling® style switch openings to 1.45” x .830”
+ Sold individually

NEW! MPS-CSA5
SWITCH ADAPTER 5 PACK

▶ FITS POLARIS®
+ For use on Polaris® models with large switch openings
+ Adapts Carling® style switch openings to 1.45” x .830”
+ Sold in a 5 pack

NEW! MPS-KOOL
TOUCH ACTIVATED
DOM LIGHT

▶ CARLING® STYLE 6 WATT LED
+ Touch activated On/Off
+ Press and hold to dim
+ IPX5 rated

NEW! MPS-CSSP
UNIVERSAL MOUNTING PLATE

▶ CARLING® STYLE
+ Fits Carling switches
**NEW! MPS-RZRD1**
ATV/UTV
**SPEAKER DOOR PANELS**
- Fits Polaris® RZR 900/1000 2014-2021
- One pair (left and right) door panels to add 6.5" speakers and tweeter
- Molded for stock doors
- Flush mount
- Black ABS Construction

**NEW! MPS-GEND1**
ATV/UTV
**UNDER-DASH SPEAKER PODS**
- Fits Polaris® General 1000 2016-2021
- One set (left and right) under-dash speaker pods
- Molded for ease of installation
- Factory look
- Black ABS construction

**NEW! MPS-CAMX3SPI**
ATV/UTV
**SPEAKER DOOR PANELS**
- Fits Can-Am® X3 2017-2021
- One pair (right and left) door panels to add 6.5" speakers and tweeter
- No loss of passenger or cargo space
- Mounting hardware included
- ABS construction

**NEW! MPS-CUISB**
**CHARGING ONLY DUAL USB INSERT**
- Universal
- Water-tight covers
- 2.1A each @ 5volts
- Input 12/24V DC
