

Stop/Start Override Interface

Ford Select Models 2015-Up

Visit AxxessInterfaces.com for more detailed information about the product and up-to-date vehicle specific applications.

INTRODUCTION

The AXSSO-FD is designed to disengage the STOP/START feature of the vehicle, and keep that feature disengaged even after the key has been cycled. The AXSSO-FD will work with either an aftermarket radio, or a factory radio. A simple plug n' play installation is all that is required to install the device in the vehicle, and programming through a Windows 10 computer via the Axxess Updater software program.

INTERFACE COMPONENTS

- AXSSO-FD interface
- AXSSO-FD harness (qty. 2)

INTERFACE FEATURES

- Allows the override of the STOP/START engine feature
- The factory STOP/START button can resume the STOP/START feature
- Can be used with either a factory or aftermarket radio
- Vehicle type configured through the Axxess Updater software program
- Simple plug n' play installation, no wiring required
