BC-LBFL LED PROJECTOR LIGHT

SALES 386-257-2956

PRODUCT OVERVIEW

Add a 30-watt LED projector light that can switch between three lighting modes; low beam, fog light, and strobe light, for a versatile auxiliary lighting solution. The universal clamp mount design makes it easy to install onto almost any motorcycle.

- Current consumption @13.8V:
 - 0.55A (low beam)
 - 0.13A (fog)
 - 0.3A (strobe)
- Wattage: 30W
- Raw lumens: 1200lm
- 3-Way switchback: low beam/fog/strobe
- Clamp mount design
- Sold individually
