HE-FDBK13 FOG LIGHTS BRACKETS FOR FORD RAPTOR 2017-UP

SALES 386-257-2956

PRODUCT OVERVIEW

To add cube-style LED lights to the fog light location of 2017-up* Ford Raptor trucks, the new HE-FDBK13 mounts to the OE fog light location. This mount can fit up to three cube style lights per side for a total of six cube lights in the front. These are constructed with heavy gauge steel and a black powder coating for extra durability. Mounting hardware is included with the HE-FDBK13.
