

## HE-FDBK1

### 54" Curved LED Light Bar Mount

#### 2004-2014 FORD F150

**NOTE:** Please read instructions before beginning installation. Check all of the kit's hardware to ensure it has all the proper contents. Be sure you have all needed parts and know where they go.

**Contents of Kit:** Driver mount (1), Passenger mount (1), Gaskets (2), 3/16" Rivets (7)

**Tools needed:** 3/16" Drill Bit, a Drill, Rivet Gun, Tape Measure, Permanent marker.

#### Installation Instructions:

1. Install the gaskets on the back side of the light brackets.
2. Open the passenger's door and measure 4 ½" from the top of the windshield. Mark where the light brackets will be mounted with a permanent marker. **PHOTO 1**

3. Hold the light bracket in position and drill the three holes through the sheet metal with a 3/16" drill bit as seen in **PHOTO 2**. **NOTE: Placing a piece of tape on the drill bit about ½" from the end of the bit (closer to the drill's chuck) will aid in not drilling too far into the cab of the truck.**

4. Use the supplied 3/16" rivets to secure the light brackets. **PHOTO 3**. **NOTE: Repeat steps on the driver side.**

5. Install the Led Light with the supplied instructions. **PHOTO 4**
