### PRODUCT OVERVIEW

You asked, we delivered. Heise's popular RGB backlit LED lights, the Infinite Series, now has a flush mount cube light option for the perfect fit inside the bumper. Change your light color with the swipe of a finger! This cube offers pure white light with 16 million selectable colors as a backlight, controlled by a smartphone app via the RGB-CBI controller (sold separately and required for RGB operation). This light is compatible with the entire Heise Infinite Series and can be synced with other Heise or Metra RGB lights that use the same RGB-CBI controller.
