

# FLUSH MOUNT CASE FOR THE HE-SWP8

## HE-SWP8C FLUSH MOUNT CASE FOR THE HE-SWP8

 SALES 386-257-2956

### PRODUCT OVERVIEW

Heise introduced a compact 8 Gang Switch Panel System, the HE-SWP8, at the 2019 SEMA Show. This product features a rugged design that works in all types of vehicles, including UTVs, Jeeps®, and other outdoor applications. Now, a flush mount case with a snap-on trim plate, the HE-SWP8C, is available to make installation clean and even easier. The switch panel screws securely to the case box and the cut template and hardware are included for added convenience. A detailed video introducing this product at SEMA360 can be seen on Metra's YouTube page.

- Flush mount case that fits the HE-SWP8 8-Gang Switch Panel
- Switch panel screws securely to the case box
- Included snap on trim plate for clean installation
- Cut template and mounting hardware included
