

HE-CHASE-PIH

12v Power Injector Harness for CHASE Lighting Kits

INPUT VOLTAGE: 11v-16v

RECOMMENDED FUSE: 3A
COMPATIBILITY: ALL HEISE
CHASE LED PRODUCTS.
(STRIP LIGHTS, ROCK LIGHTS,
LIGHT TUBES, WHEEL LIGHTS,
LIGHT BARS, CUBE LIGHTS,
GRILLE LIGHTS, UNDERGLOW
KITS)

INSTALLATION:

The HE-CHASE-PIH is recommended to be installed inline every 3M or 15 ft of LED strips or every 16 Heise Rock Lights or other Heise CHASE LED Products for a brighter light display. This harness will also allow you to use a single run of CHASE lights to circle a vehicle.

It is recommended to use a 3 Amp fuse inline on each HE-CHASE-PIH power wire.
