PRODUCT OVERVIEW

This kit makes it easy to upgrade to chasing RGB projector headlights and fog lights. Included are a pair of 7" chasing RGB LED projector headlights, a pair of 4" chasing LED fog lights, and a Pro Controller. The projector headlights are brighter with a more focused beam than other options, with an output of 8000 lumens for the high beam and 6000 lumens for the low beam. The durable polycarbonate lens cover makes this an ideal solution for adventurous Jeep® owners. This kit offers more than 170 pre-programmed modes for patterns with 16 million different colors. The Pro Controller has two wireless control options; an included remote control or a free app for a smartphone or tablet, allowing users to change colors, sync to music, and more. This lighting set also works with other Heise Chasing RGB lighting products, allowing an entire system to use the same app and remote.

Headlight Features:

- Pair of 7" projector headlights
- 55 watts each
- Lumens: 8000lm (high beam)
6000lm (low beam)
- Color temperature: 6500K
- Material: Die-cast aluminum alloy housing
- Lens: Polycarbonate
- IP rating: IP68
