### PRODUCT OVERVIEW

We've taken Shuriken batteries to a new level with our new Lithium series. These batteries weigh much less than other options while remaining long-lasting, reliable, and vibration-resistant. Their internal components are sectioned into independent cells that make them safer and prevent them from shorting out if damaged. Our lithium batteries have a built-in Battery Management System (BMS) that protects the battery from overcharging while consistently monitoring the cells in each battery. With more than a dozen different models, Shuriken has lithium batteries to fit numerous applications, including audio, motorcycle, marine, auto racing, powersports, and more.

- Lithium Ion
- 12.8 volts
- 102.4 watt-hours
- 20AH
- 500 cranking amps
- Voltage protection 9V - 15.6V
- Built-in short circuit protection
- Extremely lightweight
- Long life of over 1500 cycles
- Quick recharge time (90% recharge in less than 6 minutes)
- Dry cell battery - No lead or spill
- Longer shelf life than AGM batteries
- 6.88" L x 3.42" W x 3.42" H

Long Life & Reliability

Higher Total System Capacity

Lightweight in Comparison

Superior Charge Efficiency

Wide Operating Temperature

Long Shelf Life or Storage
