## MPS-FORGBWHIP4 / MPS-FORGBWHIP6 FIBER OPTIC RGB WHIP LIGHTS

SALES 386-257-2956

### PRODUCT OVERVIEW

Light up the night and stay visible when heading off-road with our Fiber Optic Whip Lights. These safety whip lights are designed for ATVs, UTVs, dune buggies, quads, side-by-sides, go-karts and other powersports applications. Created strong enough to withstand dust, mud, rain and other rough use of off-road applications, these Fiber Optic RGB LED Whip Lights are bendable and have a virtually unbreakable, weather-resistant polycarbonate cover.

**MPS-FORGBWHIP4** - Fiber Optic RGB Whip Light 4 ft

**MPS-FORGBWHIP6** - Fiber Optic RGB Whip Light 6 ft

- Made from a polycarbonate flexible tube that can bend up to 180 degrees allowing it to withstand rugged terrain, enhancing its durability
