### PRODUCT OVERVIEW

Expand your audio system with these durable rear door speaker pods designed to fit the 2014-UP Polaris RZR 900/XP 1000/TURBO S/XP 4. These durable speaker pods are made for 6.5" aftermarket speakers with an included mounting location for a tweeter in each pod. Constructed of high-quality, UV-protected black ABS plastic, these pods are designed to withstand the harshest outdoor environments. This weather-resistant audio upgrade solution allows you to add more sound while exploring the outdoors.

- Designed for 6.5" speakers
- Uses available space in rear doors
- Constructed of high-quality, UV-protected ABS plastic
- Includes one pair of rear door speaker pods with optional tweeter mounting locations (left and right) and installation instructions
- 1-year limited warranty
